

The PM's Daughter Series 2

Brainstorm how our lives might be 'improved', then map the possible ways our experiences could be better, smoother, happier, healthier, or easier.

Explore if and how AI could solve each item on the list, then explain how and why you think this. Add two ideas of your own in the blank rows below.

"I've been designed to improve the human experience."

- HANC, Artificial Intelligence (AI),
Scene 9, Episode 6 of
The PM's Daughter Series 2

Ideas of how the human experience could be improved	Could AI help with this?	How? Why?
Reduced hours at work and school so we can enjoy more free time.	Yes	AI could help us to get the work done faster so that we can start the weekend on Thursdays.
Self-driving cars	Yes
